

REUP IGNITE PACKET

A blue torch with a yellow flame is positioned to the right of the word "REUP". The torch is angled upwards and to the right, with the flame appearing to be lit.

“REUP is a detailed discipleship system to help your men give God time enough to teach them enough so that they might learn enough and trust Him enough to live His life through them.”

- Do the younger men at your church know their identity and struggle to meaningfully lead their families?
- Do the older men at your church have life experience to share but nowhere to share it?
- Do you have a mens discipleship plan and system?
- Do you want to see a fire ignited in your men to make disciples?

REUP’S INTENTIONAL STRUCTURES CREATE THE ENVIRONMENT NECESSARY FOR MEN TO LEARN AND GROW.

Learn how **REUP** is strengthening Men in Church

REUP
PROCESS

THE PROCESS

- 1** Bring some men together and let us **IGNITE** them to build a discipleship pathway for other men in your church by starting Foundation Fire Teams (*small groups*) that REUP will coach for 90 days to build your leadership base.
- 2** Hold REUP entry point events to **ENGAGE** a large number of men and start Fire Teams (small groups) that will help men **BUILD** a passion to let Him live His life through them.
- 3** REUP will manage, support and encourage your men by providing intentional structure through our omnichannel technology platform.

In other words, we will be your partner in building your men!
